## Indiana Retail Council Favors State Tax Setup

INDIANAPOLIS UPI — The oft-maligned tax program enacted by the 1963 Indiana Legislature drew support from the Indiana Retail Council, Inc., an organization of Hoosier merchants.

"While political aspirants flood the state with a torrent of facts and fantasy, hoping to gain political advantage by throwing their political weight around, Indiana retailers are pushing forward their campaign for retention and possible improvement of the taxation system," said a newsletter of the council signed by executive vice president Charles B. VanNuys.

"Hoosier merchants regard the extensive tax legislation of 1963 as the first major updating of taxation statutes since property tax relief was first afforded in 1933 by passage of the Indiana gross income tax."

"It is encouraging," the letter said, "that more Hoosier citizens are becoming aware of the financial fact that approximately 75 per cent of the state's general fund revenue is spent for educating students and in support of Indiana's four state colleges and universities."

"Retailers of Indiana endorse and support the major tax revisions made by the 1963 General Assembly, which have resulted in a fairer distribution of our state and local tax burdens. The Indiana Retail Council believes these revisions should be left relatively unchanged, altered only in the case of necessary refinements or required technical revisions."

## THE GOOD OLD DAYS

Taken from the files of The Daily Banner of 1908.

A clover huller belonging to Hill Bros. of Belle Union was burned under mysterious circumstances. The huller was on a farm just east of Belle Union when it burned. The owners of the outfit and their men had worked with the machine until ten o'clock that night and when they left everything was in good order and there was no fire anywhere near the machine.

At near two o'clock in the morning fire was discovered at the machine although men hurried to the scene it was too late to stop the blaze and the huller was totally destroyed. The huller was a new machine, having been purchased only last season.

## Plant Corn For Demonstration

Top performing hybrids, different rates of planting are compared in Putnam County's Corn demonstration this year. This demonstration was planted May 12-13 on the farm of Andrew Sutherland, located 4½ miles north of Greencastle, on Road 43.

The demonstration shows differences in yield, maturity, standability, blight and stalk rot resistance. Several of the newer single crosses and modified single crosses grown in Putnam County are in the plots. You can keep up-to-date on corn hybrids by watching these plants this summer.

Hybrids were planted or will be planted at 16,000, 20,000 and 24,000 stalks per acre and on May 12, May 22, June 5 and June 15.

This corn demonstration is made possible for Putnam (County) farmers through the cooperation of Mr. Sutherland; local seed corn distributors; the Putnam County Crops Committee; the Extension Office and the Purdue University Agronomy Department. For results of previous demonstrations ask your county agent for Purdue Mimeo AY-154.

## Rotarians Hear DePauw Singers

DePauw's Madrigal Singers, popular campus singing group, performed for the weekly Rotary luncheon held in the Student Union. Now in their seventh year, and growing in popularity each year, the group was introduced by Dr. Milton Trusler, head of DePauw's School of Music.

Paul Shimer, senior at DePauw, is currently serving as director of the student-organized group and James Wright is business manager. The latter served as master of ceremonies for the program and briefly described the origins of each of the selections sung.

Madrigal singing traces its origins to England during the 15th and 16th centuries and is looked upon today as the folk-singing of that era. To convey this mood, the students were dressed in costumes that might have been typical of those Shakespearean times. The DePauw group does not, however, limit its repertoire to those songs which date back to that period. In fact, the selections sung for the Rotarians included French, German, and Scottish ballads as well as English. The audience was particularly impressed with a Scottish song which featured a tenor solo by one of the students.

Guests of the Rotarians were George Harris of Danville, Al Deekard of Plainfield, and Wayne Etter of Indianapolis.

## Wheat Program Signup Extended

The 1964 Wheat Program signup period has been extended one week according to Zannie Garriott, Chairman of the Agricultural Stabilization and Conservation County Office. The new final date is Friday, May 22.

If a producer desires to get price support loans plus acreage diversion payments and certificates based on his share in the domestic and export market, he needs to sign up on or before May 22 and be a program cooperator.

To become a cooperator a wheat producer remains within his acreage allotment, devotes his diverted acres to conserving uses and fulfills the program's other requirements. The "domestic" certificates will have a fixed face value of 70 cents per bushel and the "export" certificates will be worth 25 cents a bushel. They will be based on a percentage of the farms normal production of the wheat acreage within the allotment.

Thus a program cooperator receiving a price support loan and certificates will receive a national average return of \$2.00 per bushel for his domestic share and \$1.55 for his export share provided his 1964 yield is equal to his normal production and he has the minimum qualifying diversion.

## Purdue Pickets Protesting ROTC

LAFAYETTE UPI — Nine pickets who identified themselves as members of the "Purdue Peace Union" marched with placards around a fountain in front of the Purdue University executive building Friday protesting compulsory military training.

The picketing was timed to precede ceremonies of the Purdue Reserve Officers Training Corps including a president's review.

Ned Price, one of the pickets, said the organization has nothing against the ROTC as such but is opposed to compulsory training.

University authorities said the pickets were given permission to march before the review but were told to end their demonstration before the ceremonies.

## Two Arrested

Two arrests were made by Officer Bill Masten during the night, city police reported Saturday morning.

Clifford E. Jackson, 20, Poland, was arrested for violation of the muffler law at Locust and Howard Streets at 11:45 Friday night.

Lloyd W. Russell, 30, city, was arrested at Seminary and Indiana Streets at 2 a.m. Saturday for failure to observe stop sign.

SEOUL UPI — Two U.S. helicopter pilots forced down by the Communists last year were set free today, in apparent good health after a year in Red captivity.

Capt. Ben. W. Sutts of Florence, Ala., and Charlton W. Voltz of Frankfort, Mich., were released just after noon in the border village of Panmunjom, where Col. Paul Hinkley of Fairfax, Va., waited to greet them.

"Welcome back," Hinkley said to each man in turn as he shook his hand. Neither of the pilots replied.

Sutts and Voltz, escorted by Communist officers, were brought to Panmunjom in Russian-built jeeps. They wore open-collared gray shirts and gray trousers given them by their captors.

An Army staff car took them to the Allied base camp at Munsan, a mile and a quarter south of Panmunjom, where they boarded a helicopter that carried them to Seoul.

Neither man was allowed to talk to newsmen today, although scores of photographers got pictures of their return. Army spokesmen said Sutts and Voltz probably will hold a news conference early next week, after they have told intelligence officers the story of their ordeal.

In Washington, President Johnson said in a statement that "I am sure we all share the joy of their families at the news of their release."

### Leaders Work Behind Scenes

WASHINGTON UPI — Senate leaders worked behind the scenes today to line up support for the "package" of amendments they hope will crack the two-month deadlock over the civil rights bill.

Republican and Democratic senators meet in separate conferences Tuesday to review the changes and revisions proposed for the rights measure.

The Senate was called into a 10 a.m., Saturday session for debate on the bill, but it was not expected to last for more than a few hours. Today marked the 57th day of civil rights talk, and most of the senators were marking time, awaiting a look at the amendment package.

### Rocky Wins In Oregon Primary

PORTLAND, Ore. UPI — Gov. Nelson A. Rockefeller's upset victory in Oregon belatedly lifted his presidential campaign off the ground today and revived his hopes for winning the more crucial California presidential primary.

The California contest June 2 is a head-to-head match between Rockefeller and Senator Barry Goldwater of Arizona, an also-ran in Friday's Oregon primary, which he had written off a month ago.

In Oregon, Goldwater trailed Rockefeller and Ambassador Henry Cabot Lodge and held a slim lead over former Vice President Richard M. Nixon. The Rockefeller victory clearly damaged the Lodge campaign, which had been gathering momentum, at least in public opinion polls, since that undeclared candidate won his spectacular victory in the New Hampshire primary March 12.

### Teamsters File Against Hoffa

WASHINGTON UPI — A group of rank-and-file Teamsters filed suit in an effort to force James R. Hoffa to refund payments made by the union for his legal expenses in three criminal trials.

Six Teamsters from Philadelphia Local 107 filed the suit in U.S. District Court. They claimed the payments to Hoffa, president of the nation's largest union, violated the 1959 labor reform law.

The suit requested an injunction to bar any future expenses in defending himself against criminal charges.

It also demanded an accounting of the sums spent thus far, and a court order directing Hoffa to reimburse the union for the amount spent during three trials.

#### No Demonstration

There were demonstrations four straight nights this week in the fishing town and National Guardsmen had to fire tear gas on two occasions. Cambridge has been under limited martial law since bloody rioting last summer.

I am not ashamed of the gospel of Christ; for it is the power of God into salvation to every one that believeth; to the Jew first, and also the Greek. Romans 1:16

The gospel of Christ is the power of God. It is the power of grace which covers sin. The power of love to break down overcome error and to overcome hate. The power of truth to despair.

Trust Opponents To Avoid Danger

West Pass 2 ♠ 1 NT Pass  
East Pass 2 ♠ 1 NT Pass  
Opening lead — ♠ 2

The first trick was peculiar but very revealing. West led the deuce of hearts, a strange choice, and East played low. South won the first trick with the seven of hearts and realized that the trump honors were split, since neither opponent would have played low if he held both trump honors.

South decided to leave the trumps alone for a trick or two. He led a spade from his hand and finessed dummy's nine, losing to the ten.

When East returned the four of clubs, South knew that West surely had the king of clubs. From East's point of view, a club return would be very dangerous if it meant leading away from the king. East could safely return his remaining heart since the damage in that suit had already been done.

**TAKES ACE**  
Trusting East to know what he was doing, declarer stepped up with the ace of clubs. He then cashed the king of hearts and led a spade, taking dummy's ace and queen.

When the spades failed to break, declarer ruffed dummy's last spade and got out with a club. He would be safe if the player with the king of clubs also had the ace of diamonds. It turned out as South hoped. West had to take the king of clubs and lead diamonds. This permitted South to make his own queen as well as dummy's king of diamonds.

South would have gone down if he had played low on East's club return. West would take the king of clubs and get out with a club. South would eventually have to tackle the diamonds by himself, losing two tricks.

**DAILY QUESTION**  
Partner opens with 1 NT, and the next player doubles. You hold S-J 10 7 2 H-Q 4 D-J 10 9 4 C-J 9 4. What do you say?

Answer. Redouble. The opening bid and the double should both be based on hands of equal strength, about 16 to 18 points. You have just about everything left in the deck, and the doubler's partner should have a complete bust. You have a fine chance to punish the doubler.

#### 4-H Club News

After record books were passed out and there was no new business the meeting was adjourned by Susie Smith.

### High School Highlights

At a convocation last Monday morning six inmates from Michigan City Prison, all who are presently serving life-sentences, related their life stories to the student body in a plea to help others by their mistakes.

N. B. McCammon, Principal, Kenneth Keller, Assistant Principal, and John Franklin counselor, ate lunch with the men.

This is an example of a human interest story written by Nancy Giddings in Mrs. Lynch's Journalism class concerning the cow missing from the Putnam County Frozen Food Locker.

Dear Mr. Flint,

My name is Billy Brown and I am seven years old. I was playing in my back yard yesterday and I saw your cow standing there. I tried to put him in my wagon but he is a heavy cow so would you please come to my house and get him because my mother says he scares our friends when they come to visit us. Thank you.

Sincerely yours,

Billy Brown

P. S. I drew a picture of your cow and talked about him at school during "show and tell" time.

Dear Billy,

Thank you so much for the help in finding our missing cow. We lost "him" last Thursday evening. I suppose some college students took "him" for a fraternity dance. There must have been too much beef for them to handle because they left "him" in the field for someone to discover. Thank you again.

Sincerely,

Mr. Flint

## DPU, Ball State Tied In Tennis

DePauw and Ball State swept into the final day of the ICC tennis tournament today the seven entries still in the running and at least five showdown matches on tap in the singles.

The co-defending champions, seeded opposite each other in the five singles and two doubles flights, seem destined for a repeat of last year's monopoly that was left unresolved when the two clubs tied for the crown, each with 23 points.

So thorough was the domination in the singles yesterday that five DePauw netters will bump into five Ball State players to decide the championships of the number 1-2-3-4-5-singles.

Both schools plus Evansville advanced their two doubles teams to the semi-final rounds. St. Joseph's and Valparaiso also put a doubles team into the semi-finals.

Team scores, including all of yesterday's matches, put DePauw and Ball State on top with 18 points each, Evansville and Indiana State have 10 each, St. Joseph's 9, Valparaiso 8, and Butler 7.

## Picks Yankees

If Hank Bauer is wrong, sue him—he says he'll be happy to settle out of court.

Bauer raised a number of eyebrows this spring by picking the New York Yankees to win the American League pennant and his own Baltimore Orioles no better than third.

"I was asked for my honest opinion and that's exactly what I offered," says the jut-jawed Baltimore manager. "My feeling was that we'd finish in third place. Maybe it was dead wrong. It won't make me feel the least bit badly if I was."

The Orioles apparently are bent on proving Bauer to be a bum prophet.

## Thousands See Time Trials

INDIANAPOLIS, Ind. UPI — The Speedway's hottest pilots, paced by Yankees Parnelli Jones and Bobby Marshman and Scotland's Jimmy Clark, battled for the pole position today before the largest crowd ever to watch 500-mile auto race time trials.

An estimated 200,000 jammed the sprawling racing plant on the city's West Side under partly cloudy skies and mild temperatures with the only certainty that Jones' 1963 qualifying records would be shattered.

## Jay To Quit

CHICAGO UPI — Pitcher Joey Jay says he will quit baseball when the season's over and that appeared to be all right with the people who run the Cincinnati Reds.

Both club owner Bill DeWitt and Manager Fred Hutchinson said the decision is entirely up to Jay. Neither appeared in a hurry to talk the big righthander into changing his mind.

# SUNDAY

In The Churches

## Our Day

of course it is, but it brings with it a staggering challenge...the individual responsibility of helping save civilization. The terrible "dark days" following the fall of the Roman Empire would be termed "good days" compared to the period of destruction that would follow the loosing of our hydrogen weapons. We must face it. In a manner we must be our own saviour. Then let us kids not quibble.

We must cheerfully accept the task. If we keep our eyes fixed on God and our ears tuned-in to His direction center, we can be the deterring force He needs to save the world from destruction. For He said, "Him that lacketh wisdom, let him ask of God." The varied programs of the church offer opportunity to gain this wisdom and understanding of God and His plan of salvation for the world. You have a part to play. Get inside His field of service...attend church regularly.

For, "The wise in heart will receive Commandments."

You In The Church  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.
